NOON NOTES

The Monday, November 3 concert features stellar musicians Jon Ford, Matthew Savery, Julia Cory Slovarp, and Laurel Yost performing Bolling's Jazz Suite for Cello. In addition to the rousing music, the discussion will focus on the fusion of classical and jazz genres in the chamber setting, held at noon in the Community Room.

This popular chamber music series is held at the Library the first Monday of every month, from noon to 1pm, and is free and open to the public. It is co-sponsored by the Montana Chamber Music Soci
et and the Library Foundation. Please visit www.montana
chamber music society.org/concerts-noon notes.htm for
more information or call Paula at 582-2426.

NEW COMPUTER MANAGEMENT SOFTWARE

The Library now uses EnvisionWare software for print manage-
ment and computer reservations. The new software pro-
vides privacy for patrons and guests using Library computers,
laptops, and printers. It also manages the computers fairly so
all users get equal time on computers and laptops. In addition,
we have faster and better quality printers—on both the first
and second floor. It will now be easier to use personal stationery
to print resumes, invitations, business letters, and more!
EnvisionWare offers easier and more accessible mobile print services to people using their own laptops, tablets, and smart phones. Patrons can upload files remotely, and then stop by the Library to release their print jobs! Check out the link on our homepage—Print from Anywhere. Library staff will be happy to get you started and help you with technology questions, including downloading audio and e-books to your personal devices using Montana Library2Go.

Computer classes are offered on an ongoing basis. For more information about computer services at the Library, please call 582-2422.

WONDERLUST FRIDAY FORUM
The Friday Forum on November 7 at 12 noon will be a discussion on the Common Core with Bozeman Schools Superintendent Dr. Rob Watson, joined by other members of the public school community. Adopted by Bozeman schools in 2012, the new Montana Common Core State Standards were developed from the Common Core State Standards, an initiative of the National Governors’ Association and the Council of Chief State School Officers. The purpose was to define the knowledge and skills students should attain from K-12 in the 21st century, so that all students graduate with skills prepared to succeed in college and the workplace.

It has not been without controversy, however. Some fear top-down government control of education dollars, that the standards don’t meet the needs of a diverse population, and that they do not guarantee improvements in testing on a global scale. To learn more about this initiative and Bozeman schools’ implementation, come listen to the local educators provide insight into this important piece of our kids’ education.

Friday Forum is a monthly speaker series sponsored by Wonderlust, a non-profit organization dedicated to life-long learning, and hosted by the Library Foundation. For more information, call 582-2426.

FREE DOG WORKSHOPS
Join us on Thursday, November 6 at 6:30pm in the large Community Room for “Two Case Studies: Feral, Dog Colony, Abandoned, Un-Socialized.” Case studies allow you to see the beginning of the relationship with a new owner, a new dog, and a trainer. With dogs that were born, raised, and/or living separate from humans, we have a unique opportunity to learn more about dogs and ourselves. Nancy Tanner is a Certified Professional Trainer, Founding Owner of Paws & People Training, award winning writer, and an internationally known trainer and speaker.

YOGA FOR ALL
Free yoga continues on Tuesdays in November, although the Library will be closed on Nov. 4 for Election Day and Nov. 11 for Veterans Day. Yoga will return at 11am on Nov.18. The classes are for all abilities and levels. Moms are welcome to join us with their babies or young children. Please bring your own mat. The Library Foundation provides this free weekly class, held in the Community Room. Please call Paula at 582-2426 with any questions.

GIVING THANKS TO YOU
As 2014 winds down, the Library Foundation would like to take this opportunity to thank everyone who has contributed to the success of our Library this past year. We are so grateful for all the volunteer hours, the help with programs, and the dollars donated. It is truly amazing how much community effort it takes to create a world-class library, and we have all done it together. If you are ready to make your year-end donation to continue our strong tradition, please visit www.bozemanlibraryfoundation.org for an online gift or call Paula at 582-2426 to talk about ways to add your support. No gift, volunteer hour or kind word ever goes unnoticed or unappreciated. Thank you.

MEMORIAL BENCH
We love to see people sitting on the Library’s benches during the warm summer months. All told, we have 23 benches permanently placed for the community’s benefit in our park-like setting. We still have one left to “sell” to a business or family who would like to honor a special person, adorn with a favorite quote, or create a lasting memory. If more people want to purchase a bench, we can order more! Please call Paula at 582-2426 if you are interested.

VOLUNTEER SPOTLIGHT
Susan Woods has been volunteering for 13 years as part of our “Special Delivery” program. She selects and delivers materials to homebound patrons. She has also done planting and upkeep of our outdoor garden spaces. Away from the Library, Susan loves to work in her garden and help with Warriors and Quiet Waters.
Susan is also involved with Intermountain Opera Bozeman, the Gallatin Empire Garden Club, and Adopt-A-Sox. Thanks, Susan, for all you do, for both the Library and the community.
